

Contents

Applications of High Voltage Electron Microscopy to Thick Biological Specimens <i>Tetsuji Nagata</i>	4
Microwave Fixation Technique for Staphylococcus Aureus ATCC 25923 <i>Santhana Raj, L., Selvanesan, S., Paramasvaran, S., Azizah Mohamad and Baharudin Omar</i>	41
Use of Electron Microscopy in the Laboratory Investigation of the Acute Gastroenteritis Outbreak in Cameron Highlands, Pahang <i>Santhana Raj, L., Saraswathy, T.S., Teh Hamidah, Z., Nor Asiha, C.P., Norshahidah, K., Ravindran, T., Roslina, I., Lye, M.S., and Lokman Hakim, S.</i>	45
Ultrastructural Findings of <i>Anastatica hierochuntica</i> L. (Sanggal Fatimah) towards explaining its Medicinal Properties <i>Law KS, Soon LK, Syed Mohsin SSJ & Farid C G</i>	50
Histopathologic and Scanning Electron Microscopic Observations of Changes in Experimental Colonic Tumors Induced by <i>Streptococcus bovis</i> and Chemical Carcinogenesis <i>Al-Jashamy K., Murad A., Samiah Yasmin AK., Rajab, W.J.3Zeehaida M., and Hasnan Jaafar</i>	57
Light and Transmission Electron Microscopic Study on the Effect of Contraceptive Pills on the Glomerulus and Juxtaglomerular Apparatus in Mice <i>Imad M. Al-Ani, Jinan A. Noor Al-Deen, Muhanad A.Kashmola</i>	63
Elemental Analysis of Aluminum Accumulation in Life Sciences observed by High Voltage Analytical Electron Microscopy <i>Kiyokazu Kametani and Tetsuji Nagata</i>	73
Observation of Endotoxins Neutralization by Polymyxin with Light Microscope <i>Sahalan A.Z, Hing H.L and R.A Dixon</i>	88
Morphological Characterization Study of Malaysian Honey -A VPSEM, EDX Randomised Attempt <i>Farid Che Ghazali</i>	93
Authors Index	103
